### PVC I CURTAIN TRACK 8300

8300 track is a stable, slim-look i shape design track. The curtains glide smoothly virtually without sound. We can manually open and close the curtains which keeps the fabric clean. It's a very popular track that can be used in a wide variety of situations, such as private homes and also in office buildings and in the care sector. Due to its elasticity property it can gain any desirable shape.
